Taylor is an avid dancer and is very active in the theater department. She has been a dance captain for the theater department for the last two years. She works closely with the choreographer and director to make sure that her fellow peers are rehearsed and ready to perform to their best ability. She always gives her full effort in her performances, and takes time to help any cast mates that are struggling or missed a rehearsal.

Taylor is involved in many after-school clubs and organizations, and has also participated as a member of the golf team and cheerleading squad for the past four years. She is very involved in community activities through Key Club, and excels academically- taking college credit plus classes and holding a leadership position in the National Honor Society.

Taylor balances her busy school and volunteer schedule with a job at a local apple orchard, where she is known for being a hard-worker and excellent problem-solver.

Taylor sees the best in others and is a positive influence to the students and adults who know her. Her goal is to lift others with her kindness, and continue to strive to better herself.
