

# DUSTIN JACOBS

**Age 15**  
**Jefferson Area High School**

*Dustin knows the value of hard of work, and great feeling you get when you accomplish a tough task or project. He also knows that waiting around for change isn't going to facilitate change, so he is always looking for ways to improve a situation or add value, while being mindful of others.*

*Dustin is an accomplished woodworker, who takes pride in his ability to take a traditional piece and add his own creative spin to it. He is also a member of a trapshooting team, where he purchased his own equipment and learned to reload his own shells to save on cost. Dustin's talents led to a spot in a national competition.*

*Dustin is a hands-on caretaker of his own steer. He works hard to constantly maintain a clean barn, purchase the feed, and give it the care it needs. He showcases his steer as a member of 4-H, at the Ashtabula County Fair and Ashtabula County Market Sale. He also works hard to fundraise for his 4-H club to go towards special projects and fees.*

*Dustin is a respectful and kind-hearted young man, and always put others before himself. He works hard to overcome challenges, find positive ways to relieve stress, and effectively communicate to others. Dustin has also maintained Honor Roll status throughout his entire school career.*
